25X1A

2. [redacted] the Flight Medical Officer and senior medical person [redacted] has been in constant touch with General Flickenger, Medical Consultant to OSA for the OXCART Program, regarding not only the instant diagnosis but also the immunization referred to in the body of the message. I understand that USPHS on the Coast is making available 40 bottles of gamma globulin serum to immunize the 37 people who have been identified as those living and working in close proximity to [redacted]

25X1A

25X1A

Most, if not all, of these of course are contractor employees. We will keep your Office advised of any developments in this case.
